

Act 48 Provider Program/Activity/Learning Experience Application

Please respond to the following criteria set forth by the PDE as being necessary for the General McLane School District to authorize a program/activity/learning experience.

How does your activity:

- **relate to the attainment of the Pennsylvania academic standards and high-quality instruction?**

- **plan to address the needs of the General McLane School District and its professional employees?**

- **include content and instructional methods that are appropriate for the intended competencies to be mastered?**

- **provide sufficient support and resources to enable individuals to master new skills?**

- **contribute to building learning communities and continuous improvement?**

- **ensure that participants demonstrate attainment of the competencies?**

Who will be the presenters for this activity? (The program/activity or learning experience must be planned and conducted by personnel who have an academic degree or other education and experience appropriate to the subject matter being taught.)

What is (are) the clear and concise, written content and skill-based competencies that will be developed in this activity?

Demonstrate how this program/activity or learning experience is research-based, data-driven and contributes to measurable increases in student achievement.

Demonstrate how this program/activity or learning experience will be evaluated by participants. Include a copy of the evaluation instrument.

All program or learning experiences must have attendance rosters and evaluation sheets on file.
