

# **Driver Education Training**

## **On Road Training**

Transportation Solutions now contracts with General McLane High School to compliment the classroom Driver's Ed Program by providing Driving Lessons AND THE DRIVING TEST. Transportation Solutions has been in business since 1997 and is very excited to be working with the students from General McLane.

We can administer the driving test – that's right the students do not need to go to the DMV to take the test when they sign up with Transportation Solutions. The students are required to take 6 hours of driving lessons and the last half hour of the lesson is their driving test.

We are a State Certified Program so when the student completes the six hours of behind the wheel they will get a certificate and that certificate should entitle them to a 10% discount off of their vehicle insurance until they are 21 or if they go to college they get the discount until they are 24 years old.

**CALL TODAY 814-833-2301.** Cost for six hours of driving lessons that includes your test - \$300.00. We operate year round; six days a week to include evenings.
