

Good Evening parents. This is Dan Mennow, Principal at General McLane High School. If you are receiving this call, then your son or daughter is enrolled in the Erie County Technical School for the 2020-2021 school year.

Tomorrow, Tuesday August 25<sup>th</sup> is the first day of school for both General McLane and ECTS. As you know, ECTS is running an A-B schedule this school year and General McLane students who attend ECTS will complete their coursework online.

I wanted to remind all ECTS students that they should log in to Schoology tomorrow and check in with their teachers on day one. Online learning can be challenging so staying organized and checking in daily is important.

When your son or daughter checks in with their GM teachers tomorrow, they will learn whether they need to pick up materials for their General McLane classes. If they need textbooks or other materials for GM classes, we will be available here tomorrow evening between the hours of 3 and 7 pm. Please come to the main office doors and we will give you all of your son or daughter's materials.

On the High School page of the website I included the text of this call but also the Erie County Technical School A-B plan which includes all of the information on labs and attendance at the tech school.

Again, tomorrow starts day one of the 2020-2021 school year. Make sure your son or daughter logs in to their GM classes. If there are materials that need to be picked up, come to the high school main entrance between 3 and 7 tomorrow and we will provide the materials.

As always, please don't hesitate to call or email me with any questions or concerns. Have a great evening everyone.
