

Mask up, McLane!

Thank you for all you've done so far this year to keep our students and staff healthy!

The many different colors and patterns of masks are fun to see as we make the most of mandatory face coverings. The GM Team is working diligently to create an atmosphere that is both safe and enjoyable for learning.

As of today (9/18/20), General McLane School District has had **ZERO** positive COVID-19 cases.

Our community, however; has had a spike in cases the past 2 weeks, with 7 new positives in the zip code of 16412. While this is concerning, we **can** act to contain the virus.

Please continue to mask, social distance, and wash your hands.

Please do not send your child to school if they have any symptoms on the daily checklist. If you aren't sure if your student should attend, please call the school nurse or myself with any questions. We are happy to help!
