

We're ahead when it comes to Finishing!

Summer and Full Time Work

Are you looking for a great summer job? Maybe full time employment after Graduation?

Advanced Finishing in Fairview is looking for good employees. Good pay, good benefits, and great hours. Learn to help finish products for Amazon, Big Ass Fans, and the US Navy to name a few. We are looking to hire both summer and full time employees to help us provide fantastic finishes to dozens of customer's products, both large and small. Work week is Monday to Thursday (4-10 hour days) with opportunities for overtime. Both first and second shift positions are available. Starting pay is \$11.00 for first shift and \$14.00 for second shift. Come join our work force. We have employees who have been here 5, 10, 25, even 50 years, so you know it is a good place to work. We are a family business with family values.

Come be part of the family of AFUSA!

(Note: Must be 18 years old to apply)

Sincerely,
Greg Yahn
President
