31

All school days in June will also be "Chef's Choice" as we reduce inventory at all schools.

Store refrigerated items in freezer or refrigerator until ready to eat (no longer than 5 days). Please heat according to directions and cook to 165 degrees. ☺

Heating instructions can be found on the GMSD website or Food Service Facebook Page.

\*Chef's choice will vary day by day. Each school will have different meals going out. Please direct any specific questions to your schools Kitchen Manager\*
