

February 4, 2022

We continue to prioritize in-person learning for our students and only look to use Remote Instruction Days when absolutely necessary as a last resort. We do, however, want to make that experience as meaningful and appropriate as possible. If you could please take a moment here to provide feedback regarding the remote instruction day, it would be greatly appreciated. The survey will remain open through early next week.

[Click here to access the survey.](#)

Thank you in advance for your time and have a great weekend.

Matt Lane, Superintendent
